

## Principal's Pen

Deepavali - the very name of this festival reveals its meaning. The festival is all about the lighting diyas and illuminating life. Spiritually it signifies the victory of light over darkness, good over evil, knowledge over ignorance, and hope over despair. This Diwali I wish and pray that the spirit of positivity and the essence of virtues are upheld. May this Diwali bring joy, happiness and prosperity for you and your family members.

**Wishing You a Glowing Diwali and a Glowing life ahead...**
