SESSION 2016-2017

CLASS- VI

Winter is the time for comfort, for good food and warmth, for the touch of a friendly hand and for a talk beside the fire: it is the time for home.

The colour of winter is in the imagination.

Let us love winter, for it is the spring of genius and perseverance.

Dear Parents

Holidays are the time for the parents to become the teachers and friends! The first institution of a child where he learns is his home. A child passes most of his time with his parents and learns from his parents and the environment provided to him by his parents in home. Parents play a vital role in the education of their child. Keeping this in mind the school has designed Holiday Homework that provides you with an opportunity to be with your child and become their partners in recreational tasks.

The Holiday Homework will be assessed as a part of FA4 and must be presented at its best **FEW TIPS:**
