

**DENGUE/CHIKUNGUNIYA/MALARIA PREVENTION NOTE**

Dear Parent

In wake of the monsoon season, the threat of mosquito bites is very common so to avoid such incidents to happen, parents are requested to send their wards in **full sleeves shirt with school logo imprinted on it and dark blue plain denims, without any embroidery or design.**

Although the school is taking all preventive measures against such incidents, we advise you to apply odomos/any mosquito repellent ointment/stickers every day on bare parts of the body before sending your ward to school.

Regards

Principal
