Summer Holidays Home Work

Pre - Primary

Session 2019-20

Theme- Life under water

Dear Parent

Summer Vacation is a time to indulge in something new and exciting. It is a time to relax as well as fruitfully engage the children and keep their energies well directed. We hope you will help your ward to joyfully complete the summer vacation calendario .

Now, it's time to create mesmerizing moments by exploring the theme 'Life under water'. All about different and beautiful sea creatures that are present in it.

Planned activities are the combination of integrated learning of all subjects together under one theme. The objective of the same is to make our children familiar with the large variety of ocean dwelling animals through a fun filled journey.

Let's partner together to inculcate life skills and values in our little Mapians by following the tips given below:

Nature care

- Give water to the plants daily.
- Feed and give water to stray animals and birds.

Developing Social Skills

- Use three magical words (Sorry, Please and Thank you) often. 'A little more courtesy goes a long way.'
- Help your mother by picking up your plate after every meal.
- Enhance your self-help skills by putting your things at place.
- Eat your meals yourself.

Reading Time

- Enhance your kids' vocabulary by reading a story book daily.

Writing Marathon

- To improve the formation of letters, numbers and vyanjans, help your ward to write taught letters, vyanjans and numbres in three-in-one notebook.

Looking forward to your cooperation and support as always

Thanks and Regards

Principal

Coordinator

HAPPY HOLIDAYS

THEME – LIFE UNDER WATER

MY AQUATIC DIVE

Name _____

Class _____

Sec _____

A RHYME FOR YOU!

1. The underwater world is full of colourful plants and animals. Fish, turtles, sea horse, whales and sharks are part of this amazing world. Starfish, seaweed, jellyfish and coral are part of the ocean too. We need to know as much as we can about these animals and plants. Then, we can take care of them and their beautiful underwater world.

2. Let's begin knowing this world through the poems given below.

Day 1: Scavenger Hunt

Guide your ward to search the objects from the house starting with s, a, t, p, i, n cluster sound like soap, apple, tap, pin, injection, etc.... and write the names of the objects on an A4 size sheet

Day 2: Read and Race

Make a Hopscotch on the floor, write words on it and guide your ward to jump on each word. Encourage him or her to read that word also (Refer the worksheet for making Hopscotch).

Day 3: Popsicle writing

Popsicle stick letters are a perfect fun. Students love using this. Guide your ward to make letters s, a, t, p, i, n by using popsicle sticks and make words by rearranging them.

Day 4: Puzzle Play

Draw a sketch of boat on A4 coloured sheet. Write a name of your ward on the boat, cut each letter and shuffle it. (like a jigsaw puzzle)

Now motivate your ward to solve puzzle and make their own name by joining each part of boat.

***Talk about boat It is made up of wood but it doesn't sink.**

***Tell them to put some toys in the tub filled with water and ask them which objects are sinking or floating**

Day 5. Today a Reader, Tomorrow a Leader

There are many little ways to widen your world. Love of books is the best of all. Here are some tips to help you in reading at home.

*Find a suitable place for reading bed time stories, may be in the midst of pillows. Hold the book in such a position that you are able to see the pictures.

*Ask your child to read the phonetic story daily. Use finger to move from left to right. Try to blend and read.

*Take time to look at and talk about the pictures. Comprehension of the story begins by the reading habit. Some suggested story books are:

- *The birth of the turtles.
- *LOLA, the whale.
- *The cockerel, the duck and the mermaid
- *The treasure of the sea.

Day 6: Write a letter

As children have read the story yesterday, ask them to choose any one favourite character of their choice from the story. Encourage them to talk about it and help him/her in writing a letter to invite their favourite character at Mount Abu Junior School Summer fest for e.g.

Dear turtle

Hi!

I am ----- you are my favourite character

I like to play with you....

Day 7: Best Friends Day

Friends are very important. Friendship helps in developing the habit of sharing and caring. Everyone has a special friend in their life with whom we share our happiness and our problems too. Encourage your ward to call his/her best friend and motivate them to discuss about the valuable foundation how to conserve water.

- Turn off the faucets while brushing teeth or scrubbing your soapy hands and face.
- Wash your cars/scooter/cycle with bucket and mug instead of using hose.
- Talk about the use of water wisely.

Day 8: Movie Time

Movie time can be a treat. Create a theatre at your house and enjoy movie Finding Dory/Little Mermaid.

Encourage your ward to do role play of your favourite character and discuss why you like that character of the story.

Day 9: Bubble bath

Foam itself is a fun. The purpose of bubble is an amusement and stimulates blood flow in our body.

Arrange a splash pool at your home put some shampoo and make bubbles and enjoy... Talk about how many big and small bubbles are there.... How many bubbles you burst count...? How many colours you see in the bubble etc.

Day 10: Water tricks

Water is an important element of a life... We can make fun also by adding colours and learn much more about its tricks by following given link. <https://youtu.be/wXwSpcfYBD4>

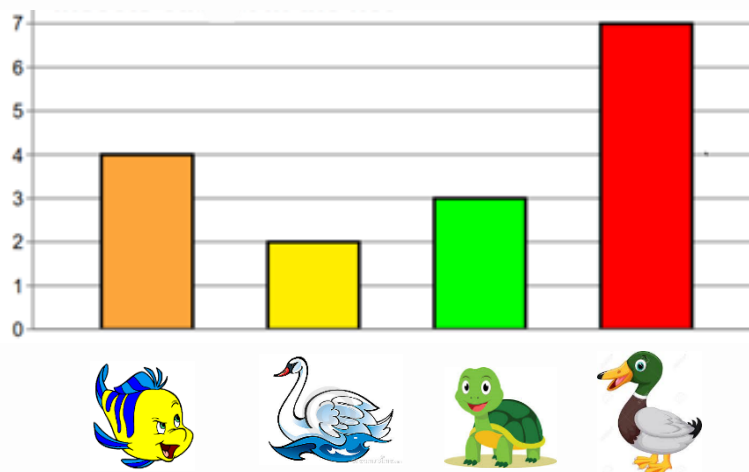

Day 11: Explore H₂O (Water)

Water wildlife is a precious gift of god to this planet. Water wildlife plays a major important role in balancing the environment. Accompany your child to the nearby pond or a lake and observe different water animals like ducks, swan, fishes, turtles etc. Ask questions like:

*How many fishes, duck, swan you have seen?

*What are the colours of water animals?

Reflect them through statistics bar as given below:

Day 12: Clay Play

Clay play helps to develop child's large and small muscles. It fosters eye hand coordination and builds attention span. Encourage your ward to make water animals with clay. Let the clay dry for few hours and then help your ward to paint it with acrylic colours.

Day 13: Story Time

Stories play a vital role in the growth and development of children. The books they read and the characters they get to know, become their friends. It is also good for children to understand that books are a useful source of information. Motivate your ward to weave a story on water animals which he/she painted yesterday.

Meanwhile you can ask questions like:

- *How do water animals breathe?
- *How many fins fish have?
- *How many legs octopus has?
- *What is a shape of star fish?

Day 14: Flag Day

The flag is a sacred item that holds great significance. Discuss with your ward about the Indian National Flag, colours and its significance. Guide your ward to make a book mark with tri colours using different techniques of printing like: thumb printing, brush painting, cotton dabbing etc.

Day 15: Explore Delhi

Heritage gives connection to certain social values, beliefs, religions and customs. Heritage provides an automatic sense of unity and belonging with in a group and allow us to better understand the previous generations and the history of where we come from.

It's time for Delhi Darshan with your family. Make a plan to take a ride of Ho -Ho bus and explore Delhi.

Day 16: Father's Day

Fathers are the pillars of the family. They try to give us every comfort of our lives. Therefore, to salute our dear fathers, we celebrate Father's Day. To give happiness to your fathers, make something special for them. Motivate your child to become a chef for the day and make banana smoothie for their fathers. Help them to arrange ingredients given in Kids Magazine- Bubbles at page no. 10

- Discuss about the importance of fruits and the value of eating them.

Day 17: Nature Walk

Nature walk is an excellent way to stimulate child's appreciation for the natural world. Go for a nature walk with your ward and ask them what they see, hear and feel. Encourage them to feel the texture of rocks, barks of trees, etc. Motivate them to collect all the waste and throw in the respective bins to promote 'Clean India Concept'

- Ask them to collect small and smooth pebbles.
- Collect some dry leaves and twigs for craft activity.

Day 18: Pebble Painting

Painting enhances fine motor skills. It also helps in the recognition of colours and allows children to experiment with colour mixing. Motivate your child to paint pebbles with acrylic colours and let them dry for few hours. After that, make expressions and create sea creatures out of them like crabs, fish, octopus, seal, dolphin,

Day 19: Dioramas

The most important objective of making models with waste is to develop habit of recycling things. To enhance their skills of designing, help your ward in making of model related to an ocean life with waste material and things which they have collected during nature walk including painted pebbles. For instance: pen stand, jewelry box, photo frame, aquarium,Be creative while making the model.

Day 20: Slogan Decoding

Coding is a method of transmitting a message between the sender and the receiver. We also want to make our kids smart. Keeping this in mind, we have designed a worksheet where they will decode the message with the letters and ordinal numbers.

Motivate them to read the message and convey it to everyone in the house and in the neighborhood too.

Day 21: Yoga Day

Yoga education helps in self-discipline and self-control leading to immense amount of awareness. It enables students to have good health and attain higher level of concentration. To celebrate International Yoga Day, encourage your child to do kids yoga asanas given in E.V.S book at page no. 11.

Day 22: Mask at Task

Children love doing variety of arts and crafts as an outlet to be creative and have some fun. Help your child to make a face mask of water animals. Talk with your child about his/her favourite animal.

Material required:

- Half Ivory sheet.
- Acrylic colours/poster colours
- Ribbon/ elastic

Day 23: Extempore

Animal comes in many shapes and sizes, live in different ways. so it's time to describe about the face mask of water animals which your child has made. Encourage your ward to speak 8-10 lines about his favourite animals.

Day 24: Word Search

Word search is really good for improving children's processing speed. The more words your child encounters and understands, the broader their day to day vocabulary will become. Motivate your child to find the names of water animals given in the worksheet.

Day 25: Move like Water Animals

Gross motor skills are such an important part of the healthy development. In fact, gross motor activities not only make children active but also channelize their energy. Animal walks are simple and fun exercises.

Have fun with your children and ask them to move like walk like a crab, swim like a fish, hop like a frog, slither like a snake etc.

Day 26: The Shark game

Physical activity can improve your health, and make muscles strong. It's time to have a friend meet. Invite your child's friends and make them aware about the rules of the game i.e. one child has to pretend like a shark and to chase the other children until he touches one of his friends. The child who is touched by the shark must remain still and stretch out his arms. Another child can save him by running under his arms. Everyone will get a chance to be a shark.

Day 27: Ocean Bingo Game

Bingo is a game where players mark off numbers on cards. It is the best way for the revision of numbers. Let's play the ocean bingo with the family. Refer the grid given below:

Day 28: Origami Art

Origami art develops eye hand coordination, spatial skills, patience and attention skills. Now it's time to make a fun craft based on a theme of water with origami sheets like: crab, turtle, boat etc..

Day 29: व्यंजनों का सलाद

सलाद हमारे आहार का महत्वपूर्ण हिस्सा है। सलाद में पानी भरपूर होता है। जिस से शरीर में पानी की कमी नहीं होती खासकर गर्मियों सलाद का उपयोग अधिक करना चाहिए यह बीमारियों को दूर करता है आओ किये हुए व्यंजनों से सलाद की सब्जियों को एकत्रित करे और अपनी प्लेट सजाये जैसे :

क से ककड़ी, ख से खीरा, ग से गाजर, घ से घीया और च से चुकुन्दर घिये को मछली का आकर दे और उसमे अपनी सब्जियाँ सजाये

Day 30: Aqua Album

Photo albums are remembrance of joyful moments and cherished memories. Now it's time to recall your all memories in the aqua photo album.

Parents are requested to compile all the photographs of the activities done by their children and beautify them in the form of AQUA PHOTO ALBUM

WORKSHEET – 1 (Day 24)

Water covers seventy percent of our planet, and billions of fascinating animals thrive in the oceans and seas. There is another world beneath the water surface filled with wonderful marine life. Find the names of the sea animals in the grid given below.

WORD SEARCH

Find the names of the sea animals in the grid given below.

B	L	O	W	F	I	S	H	G	D
S	O	C	T	O	P	U	S	E	B
E	B	F	P	N	S	T	Y	A	F

L	F	W	H	A	L	E	N	G	A
E	S	T	A	R	F	I	S	H	L

1. Crab
2. Blowfish
3. Shark
4. Sea Horse
5. Star Fish
6. Octopus
7. Whale
8. Dolphin
9. Sea Turtle

WORKSHEET – 2 (Day 20)

Slogan decoding

Create a slogan by rearranging the letters according to the correct position of ordinal numbers.

Row A

2nd letter is A

4th letter is E

1st letter is F

3rd letter is V

6th letter is C

8th letter is A

9th letter is N

5th letter is O

7th letter is E

Row B

4th letter is E

1th letter is S

2nd letter is A

3rd letter is V

7th letter is F

8th letter is E

5th letter is L

6th letter is I

Row A

--	--	--	--	--	--	--	--	--

Row B

--	--	--	--	--	--	--	--

WORKSHEET – 3

Circle the correct letter sound and colour the pictures

t a p i n

t p n s i

t i a p n

n a p t i

a p n s i

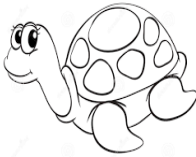

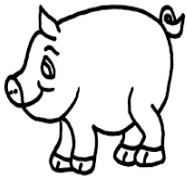

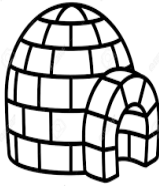

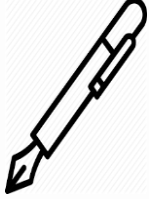

s p t n i

WORKSHEET – 4

See the pictures below and draw under the correct beginning sound

s	a	t	p	i	n

WORKSHEET – 5

Let's read the following words and write them again

tin

pan

pit

nap

sip

tap

WORKSHEET – 6

चित्र देखकर सही अक्षर पर गोला लगाओ

च ख क

ज ख ग

क र घ

ग क घ

च ब व

व क ब

WORKSHEET – 7

Circle the incorrect number in the sequence (1 – 50)
