

MOUNT ABU JUNIOR

Pre-School

Dear Mom & Dad,

Winter vacation has already started and it is my opportunity to relax and rewind by indulging in activities that are pleasurable and educative.

I want you to help me in completing my Winter Chalk Talk.

Activity 1

House Hunt

House is the place where I spent most of my time. So let me explore my house today by counting the number of fans, lights, doors and windows in my house.

Draw and write the number of objects on A4 Size sheet.

Activity 2

Pattern socks

Pattern activities is not only fun for me but also helps me to build analytical skills.

Let me make my own pattern train with my favourite socks,..

Take different coloured pair socks from your home and place them in a order like:

Small/Big/small/big..

Red/green/red/green..

Activity 3

Peek-a-Boo:

Its chilly outside come make animal sound in a blanket. Encourage your child to hide under the blanket and come over lift it up. When they pop out from blanket they'll make an animal sound. Repeat the game, popping out as a different animal sound.

Activity 4

Tracing trails

Tracing is a fun filled activity which will help me to develop my fine motor skills. Child will take household items like cup to trace a circle, cellphone for rectangle etc. Later the child will cut those shapes with child friendly scissors.

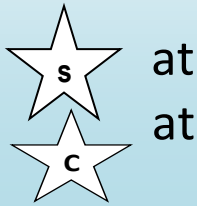

Activity 5

Jiggle wiggle

I want to learn, I want to create....

Today I will create my own words by writing the initial letters (s,a,t,p,n,b,m,etc) to "at" family on an A4 size sheet

For e.g.

Activity 6

Little Picasso...

Painting can help me communicate my emotions or feelings.

How great it would be to create something new out of old utensil (e.g. plate, bowl or glass).

The child will paint the old utensil with any pattern with the help of paint brush.

e.g. zigzag lines, different shapes, florals, spirals etc.... (be imaginative)

Activity 7

We share, we care

Socialization is a key to happiness.

Contribute to make winters warm for the homeless people by donating blankets, sweaters, coats, jackets, caps etc. and share your experience of this beautiful gesture with your teacher.

Activity 8

My Play Mood

Life is a song, life is a game, life is a challenge, lets come out and play.

play any 2 games mentioned below:

- ✚ indoor games
 - Chess
 - Carrom board
 - Ludo

- ✚ Outdoor games
 - Football
 - Cricket
 - Pithoo

Wow! what an enjoyable day it was....

Activity 9

Bang Bang:

Music gives wings to the mind
To enhance the skill, encourage
your ward to create different
sounds with a pattern of bowls
and plates.

Create a pattern with bowls
and plates on a table in an
upside-down position
(bowl/plate/bowl/plate) Using
spoons, spatula, pencil and
rolling pin create different
sounds and understand the
variations in it.

Yipee.. I am the musician of
the Day.

Activity 10

Scient'O'Mania

Does sugar, salt, sand dissolve in
water?

Oh yes

Let's explore and find out

- Take 2 glasses filled half
with water.
- Put salt/pulse/sugar /sand
in separate glass each.
- Stir it well.
- What do you observe?
Does the sand and sugar
dissolve in the water?
Does the colour of the
water change?
Look for more things to be
the scientist of the day.
- How about clicking few
pictures to share with
mam....

Dear Parent

WISHING YOU ALL A VERY HAPPY NEW YEAR 2020!

**Have a fun filled year ahead and at the same time don't forget to
capture the enjoyable moments of your child's learning and
send it in a clear labeled bag.**

**(The photographs can be coloured/ black and white, big or
small)**
