

**Strict Advisory on Mobile Phone Usage and Social Media
For Grade IX-XII**

Dear Families

Greetings!!

This is to inform you that the school strictly advises against the use of mobile phones and social media by students inside-outside of school hours including at home, public places, or any other location. The increasing incidents in society involving inappropriate behavior, cyberbullying, and other forms of misconduct linked to excessive mobile phone usage and unsupervised access to social media are alarming and concerning.

To help address these issues, the school has organized a workshop with **Mr. Rakshit Tandon**, a **renowned Cyber Safety Expert** on bullying for learners on Tuesday. This workshop aims to educate students on the dangers of cyberbullying and the importance of responsible behavior both online and offline on Tuesday wherein learners can raise their queries related to cyber safety & crime. Attendance is compulsory.

Please note that the school cannot be held responsible for any incidents, issues, or negative consequences resulting from your ward's unsafe use of mobile phones or social media platforms outside of school premises. It is the responsibility of parents to monitor and regulate their child's online activities to ensure their safety and well-being.

We urge you to take this matter seriously and to strictly control your ward's use of mobile phones and social media. Failure to do so may lead to serious consequences for which the school cannot be accountable.

Thank you

Jyoti Arora
Principal
