NEWSLETTER JULY-AUGUST 2024

Dear Families

Namaskaar!

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character that is the goal of true education".

Our life is a journey. We learn and experience something new every day. We not only impart in-depth knowledge of a particular subject but at the same time also ensure competent and constant growth of the learners. Problems exist in everyone's life but we frequently remind the learners not to be afraid of failure but strive hard to achieve success for excellence and good leadership. It is possible when we build up good leadership. It is possible when we build up good attitude and conduct. In this season of growth, let us sow the seeds of curiosity and perseverance, for they are the roots from which success blooms. Together, let's board on this journey, knowing that every step taken with purpose brings us closer to our goals.

Hold fast to dreams, For if dreams die, Life is a broken winged bird that cannot fly.

With gratitude for our association

Jyoti Arora

Principal
